## No matter what site you use to search for housing, beware of scams.

The rent amount seems so low that it is too good to be true? Don't trust it.

The property owner/manager won't meet you in person? Don't trust it.

### Always do the following when searching for a new home:

1. Meet the owner or property manager in person.
2. Tour both the inside and outside of the home to make sure it is a good fit for you.
3. Review the lease terms before agreeing to rent a place or paying any money.
4. Don't Venmo, Cash App, wire or mail money to anyone until you have met the owner/manager, toured the property inside and out, applied for the apartment, and agreed to lease terms.

### Common Type of Scam

A scammer takes a listing with a real address, photos, and property information. They copy everything but change the phone number or email address. Instead of calling or emailing the real rental property, you end up contacting the scammer.

They tell you that they are out of the state or the country and unable to show you the property in person.

However, you are encouraged to drive by to take a look, but you can't go inside (but you can see what the inside looks like from the photos online).

If you like it, you are then asked to send money through Venmo, Cash App, mail a check or wire money to reserve the rental home.

After sending the money, you never hear from the scammer again.

## Tips when searching for a rental

### Things to remember when calling:

- Use a clear & courteous voice.
- Clearly introduce yourself.
- Tell the party where you saw the listing/ad.
- Ask if the unit is still available.
- If available, ask for an appointment to view the property.
- Thank them for their time & be 10-15 minutes early to the showing.

### Things to find out about the rental:

- How much is the rent and deposit.
- What kind of heat is used and the average monthly cost?
- Are utilities included? Electric, heat, water, sewer, garbage?
- Who do I notify for repairs or emergencies?
- All responsibilities listed in the lease prior to signing.
- Has the property had any citations for structural or safety reasons?

### Things to inspect upon signing a lease:

- **ASK about the Security Deposit Process and expectations upon move out to ensure you get that back**
- **Take photos before moving in and after – this will prove helpful when moving out and expecting a security deposit back**
- Entryway and security lighting
- General condition and appearance of yard/neighborhood
- Note all existing damage. (Carpet stains, holes in walls, ceiling stains, leakage, windows/screens, leaky faucets/toilets, locks, doors and condition of appliances.
- Condition of bathroom/shower/tub
- Garage & outdoor spaces.
- Electric outlets and light switches
- Parking
- Placement and operation of smoke/carbon monoxide detectors
- Fire extinguishers and safety exits.
